Performance Suggestions

This is a great piece for the development of staccato and legato playing. Additionally, most of the eighth note passages are well within the reach of even very young players. The percussion part is integral and can be covered by one performer.

The solo scream (in the percussion part) can be covered by any member of the band – consider auditions... Feel free to experiment with different staging options for the vacuum cleaner part. Add additional machines if necessary depending on your stage and set-up.
